Northern California	Central California	Southern California
No 911 Outages	911 Outage	No 911 Outages

## Service Interruptions:

- None reported

## Remote/Community Isolations:

### Community Isolation, Newman, Stanislaus County

On 10/11/18 at 1342 hours, CA 9-1-1 Branch notified the California State Warning Center (CSWC) that customers served out of the Newman Central Office in Stanislaus County are unable to make phone calls to numbers outside of the office due to an intermittent network event. Per CA 9-1-1 Branch:

- The outage began on 10/11/18 at 0901 hours.
- 1,927 lines are affected.
- Wireless service is not impacted.
- Stanislaus Regional 9-1-1 dispatches for this area and has been advised of this outage.
- AT&T Technicians have been dispatched for isolation and restoral.
- The network ticket will remain open as they investigate the degraded issues on the facilities and will provide additional updates.
- The outage was caused by a fiber optic issue affecting phone numbers with an 862 prefix.
- On 10/12/18 at 0630 hours, CA 9-1-1 Branch notified CSWC that the Newman community is out of isolation. There has been no report of bouncing since yesterday afternoon.
- Trouble appears to be related to a wiring issue in the Modesto CO; vendors have been contacted to fix the wiring.
- Estimated time of repair: Unknown

# **WEATHER OF CONCERN**

## **Weather of Concern**

### **Northern California**

- Dry through next week under strong high pressure over the west coast. Warming trend today into Saturday, then continued near to slightly above normal temperatures next week. Locally breezy north to east wind through the weekend with lowering humidity and increasing fire weather concerns.

### **Southern California**

- An upper low then moves through the region bringing scattered to numerous showers and isolated thunderstorms starting in southeast California later tonight and spreading eastward.

### **Active Weather Warnings, Watches and Advisories by County:**

- <http://www.wrh.noaa.gov/hazardSummary/?state=ca&bycounty=1>

# WEATHER SYNOPSIS BY REGION

## **NORTHERN CALIFORNIA**

- High Risk due to Gusty N-NE/Offshore Winds and Low RH today-Sun Lower Western Cascade-Sierra Slopes, Sacramento Valley & Foothills and S portion of Mid Coast
- High risk due to gusty NE/Offshore winds and low relative humidity (RH) Sunday Diablo-Santa Cruz Mtns
- Persistent blocking ridge pattern will remain well into next week with a few inside slider like disturbances.
- Gusty N-NE/Offshore winds today through Sunday night. Strongest night/morning gusts 30-40 mph across the lower Wrn Cascade-Sierra slopes and nearby foothills, and 25-35 mph Sacramento Valley to Lake, Napa, and Sonoma Counties in Mid Coast. Gusts 25-35 mph Diablo-Santa Cruz Mtns Sunday. Strongest wind gusts Saturday night through Sunday night. Afternoon speeds lighter compared to overnight speeds.
- Less wind next week although periods of light offshore wind during the overnights will continue.
- Lowering RH with unusually low day and nighttime readings well into next week.
- Rising temperatures with above normal readings between 5-15 degrees well into next week most areas.

## **SOUTHERN CALIFORNIA**

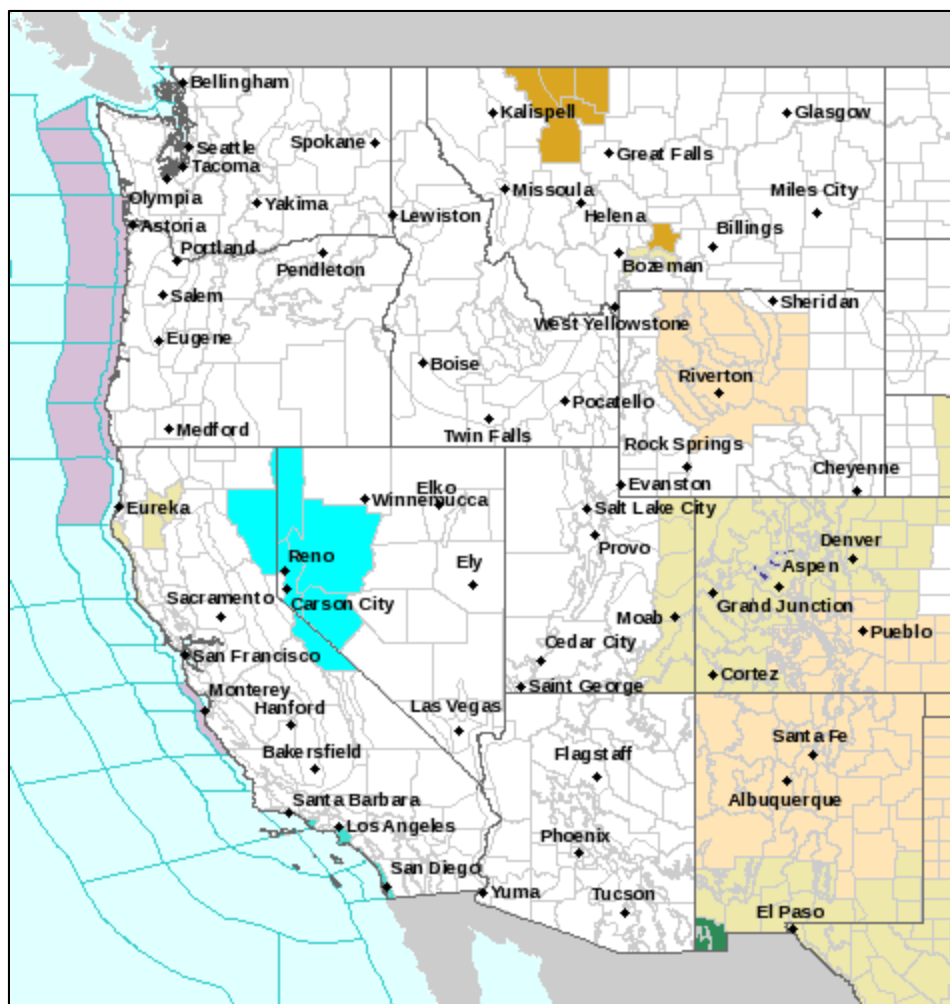

An area of low pressure currently off Point Conception will move inland over Southern California Saturday. Another area of low pressure will drop into the Great Basin from Canada Sunday and then drop into the Desert Southwest Monday through Wednesday. This low will open and move off to the east late next week. Meanwhile, high pressure will approach the California Coast from the Pacific Ocean Sunday through Tuesday. The area of high pressure will weaken a little Wednesday through the end of next week.

- Northeast to east winds of 15 to 25 mph with gusts to 40 mph will surface across the mountains and below the canyons and passes of Southern California through this afternoon.
- Scattered showers and thunderstorms will move across Southern California tonight through Saturday afternoon.
- Most locations across Southern California will receive less than a half inch of rainfall.
- Maximum temperatures will be near to a little below normal through Sunday, with mid 50s to mid 60s across the mountains and 70s to low 80s in the valleys.
- Northeast winds of 20 to 40 mph with gusts to 60 mph will surface across the mountains and below the canyons and passes of Southern California Sunday night through Tuesday morning.
- Winds will decrease Tuesday afternoon and then there will be locally gusty offshore winds across Southern California Tuesday night through the end of next week.
- Minimum humidity will drop into the single digits and teens Monday and Tuesday and then increase to 10% to 25% Wednesday through the end of next week.
- Maximum temperatures will be around 5 degrees above normal Monday through the end of next week, with 60s to low 70s across the mountains and upper 70s and 80s in the valleys.

# Cal OES LAW ENFORCEMENT MISSIONS

## Ongoing Cal OES Law Missions

- **2018-LAW-52247, 10/11/18, 2247 hours:** IERCC reported a Delorme SPOT activation at 36.791028° by -118.673944, which plots to Sentinel Campground, Cedar Grove area of Kings Canyon National Park in Fresno County. No additional details were received from the device and the device user did not respond to three messages from IERCC. Information relayed to Kings Canyon National Park Rangers. **Mission Ongoing.**
- **2018-LAW-52239, 10/11/18, 1555 hours:** Plumas County requested 3 Human Remains Detention (HRD) dog teams for a search in the Lake Davis area. The search is scheduled for Saturday, 10/13/18. The Cal OES Canine Coordinator has secured the requested resources. **Mission Ongoing.**
- **2018-LAW-52233, 10/11/18, 1448 hours:** Butte County requested 40 Type I / II SAR volunteers to search an area near GPS 39.61628° by -121.14275°, which plots to the Golden Trout Crossing area of Butte County. Butte County is attempting to locate a 40 year old male last seen on 10/10/18 at 1500 hours while panning for gold at the bottom of a rugged canyon. Fourteen counties were contacted for resources. Search is scheduled for 10/12/18 at 0700 hours. **Mission Ongoing.**
- **2018-LAW-52219, 10/11/18, 1158 hours:** Santa Cruz County Sheriff's Office(SCSO) requesting Los Angeles County Sheriff's Department (LASD) Mine/Underground team to assist in searching for a victim involved in an on-going homicide investigation. Operational date and time to-be-determined between SCSO and LASD if mission is accepted. At 1229 hours, SCSO's mission request was given to LASD Emergency Operations Bureau, who is coordinating a response. **Mission Ongoing.**
- **2018-LAW-52025, 09/30/18, 1400 hours:** Port of San Diego requested assistance from the Cal OES Law Enforcement Branch/Cyber Security Integration Center to mitigate a technology attack to their server. Cal OES deployed a Cal-CSIC team comprised of Cal-CSIC, California Military Department (CMD), and California Department of Technology (CDT) staff. Update as of 10/04/18: Cal-CSIC has three team members at Port of San Diego assisting with forensics and recommending best practices as the port works to restore IT services. The team consists of one each cyber analyst from Cal OES, CMD, and CDT. The mission is expected to extend through 10/12/18. **Mission Ongoing.**
- **2018-LAW-50684, Reopened 10/11/18, 1430 hours:** Yolo County requested a prior mission be reopened to allow for additional searches. Yolo County has been using human remains detection (HRD) dog teams to search for a deceased individual in the Woodland area. **Mission Ongoing.**

# Cal OES LAW ENFORCEMENT MISSIONS

## Closed Cal OES Law Missions

- **2018-LAW-52251, 10/12/18, 0206 hours:** IERCC reported a Delorme In Reach activation at 37.667431° by -119.840691°, which plots to the Merced River canyon in the Incline area of Mariposa County, near El Portal. The activation did not provide any information about the nature of the activation, and the user did not respond to messages from IERCC. Mariposa Sheriff was advised and accepted jurisdiction. Mariposa Sheriff dispatched a patrol deputy to the area who was able to contact the user of the device and determine the activation was accidental. **Mission Closed.**
- **2018-LAW-52223, 10/11/18, 1220 hours:** AFRCC reported a PLB activation at 37° 42.8' by -122° 25.33', which plots to the 1900 block of Sunnydale Ave in urban San Francisco. AFRCC has registered owner information for the device but the registered owner had reported the device stolen earlier this year. LDO contacted San Francisco Police Department and asked them to check the area. A San Francisco Police Officer checked the area and was able to locate the PLB discarded in a trash pile at the back of an apartment. There was no indication of distress. LDO provided the device's registered owner information to the San Francisco officer, who said he would attempt to return it. **Mission Closed.**
- **2018-LAW-52205, 10/09/18, 1002 hours:** CSWC received a report from Mono County Environmental Health advising that possible explosive material was discovered in a mayonnaise jar at the Benton Crossing Landfill in Crowley Lake, Mono County. The jar is labeled MEKP and is in a storage locker. On 10/10/18, Mono SO contacted CSWC to request bomb squad. LDO spoke with Mono County Sheriff's Office Sgt. Seth Clark who requested US Navy- EOD Mobile Unit 3- China Lake to fulfill the mission due to proximity. USN EOD China Lake supported by FBI bomb technician will be on scene on 10/11/18 at 1200 hours to determine substance and execute positive action for resolution. **Update 10/11/18: Mission Complete.**

# Cal OES MISSION TASKING

## Cal OES Missions

- **2018-Cal OES-51904:** 2018 July Statewide Wildfires – CNG to provide 55 SHOUT NANO devices, 1 laptop computer, transportation, and required training in support of debris removal operations in the Carr Fire burn area. (On Scene)
